## From a 'Dusty corner'

Summer, 2009

Another year of programs has come to a close. And what a great year!! Thanks to Gary Coller and all who helped bring us such outstanding programs. Special thanks to Terry Nace and Don Kinnier for their two-part clinic on registrations and features of the organ. I hope you enjoyed the year as much as I did. If you have any suggestions for the future, please let us know.

You may recall that back in May I put out a call for volunteers. I am delighted to report that several folks came forward. Ken Kline will take over as liaison with the theatre—scheduling organists to play for the movies. (He also offered to serve with Gary on the Program Committee). Bob Hauf will put his years of experience in organ recordings to work as Manager of our small but growing Music Shop. And Carol Brady has offered to head up a stage crew to take care of the organ for each meeting. My most sincere thanks to each of you. PS: Carol rehearses with the York Symphony most Monday evenings, so she will need some help. Any volunteers??

In closing, I encourage you to top off the season at our annual picnic. It's a great time to get to know folks better and hear some fun stuff on the organ you might not hear any other time (see the announcement elsewhere in this newsletter). Invite a guest. Perhaps they will become a member too. But please call to let us know how many are coming so we can be sure everyone will have enough to eat!!

**York Chapter, American Guild of Organists to present summer organ concerts at the York County Heritage Trust Museum**

York, PA – June, 2009 - The York County Heritage Trust Historical Society Museum located at 250 East Market St. in downtown York will present their annual summer organ recital series in collaboration with the York Chapter of The American Guild of Organists. The recitals will feature eight organists in concert each Friday during July and August beginning at 12:15 p.m.

The 1804 pipe organ located in the Historical Society Museum was the last organ built by the noted early American organ builder David Tannenberg. He is widely regarded as one of America's greatest organ builders. His work is comparable to that of some of the greatest organ builders of that time in Europe. Only nine of his organs remain extant in the United States. The historic organ was originally built for Christ Lutheran Church, York and it was given to the Historical Society of York County in 1949 and made playable in 1958. The organ was partially restored in 1991.

Each recital will be one-half hour in length. The recitals are FREE and open to the public.

Organists performing in recital at The Heritage Trust throughout July and August are:

<b>July 10</b>	<b>Richard Frey, Trinity United Church of Christ, Hanover</b>
<b>July 17</b>	<b>Victor Fields, Trinity United Church of Christ, York</b>
<b>July 24</b>	<b>Cameron Wentz, student, Westminster Choir College</b>
<b>July 31</b>	<b>Ruth Ann Burke, Mt. Zion United Church of Christ, York</b>
<b>August 7</b>	<b>Roy Wainwright, Immaculate Heart of Mary Church, Abbottstown</b>
<b>August 14</b>	<b>Rodney Barnett, Episcopal Church of St. John the Baptist, York</b>
<b>August 24</b>	<b>Susanna Faust, Zion Lutheran Church, Glen Rock</b>
<b>August 31</b>	<b>Christine Kates, York College of Pennsylvania</b>

**“Free to a good home”**

I have an Allen analog T-15 self-contained 2 61note manuals and 32 pedals with the usual flutes and real reeds and some strings.  
It is free to a 'good home'.

It has an internal Gyrophonic projector (Allens answer to the Leslie) so it does have some schlurpy Tibias. It is a straight console not a theater organ. Nice for a practice instrument or for a small meeting room.

**Need an organ? Here's one...**

Yamaha Electone organ needs a home . It is in excellent condition and I would like to donate it to a church or musical organization that would get some good use of it. It has a band box and chimes. My work number is 428-0222 ext 234 if you would need to reach me during the day. I have to get rid of this by the end of July my grandmothers house is being sold. I really dont want to just take it and dump it I would like to see it get some good use. - Michelle Anderson
